Machinery Turning Over At Worsted Mill Orders Brisk For Colored Yarns to Be Produced Here

John Moore, Managing Head of B.C. Worsted Mills Limited, Delighted With Results of Pioneering Venture; Sample Yarns Now Being Turned Out to Supply British Columbia Houses, and Orders Arriving.

With the mill machinery now turning out samples of colored yarns for B.C. houses interested in the pioneering venture here, the Montreal Street plant of the B.C. Worsted Mills Limited, will go into bulk production shortly, it was stated by John Moore, managing director of the enterprise, to The Times to-day.

"The results to date have far exceeded our expectations, and I am very pleased with the reception we are getting in B.C. markets," stated Mr. Moore. "We had tremendous difficulties to face in the pioneering of the worsted manufacture on this coast, but we have left most of our troubles behind us now."

WHEELS TURNING OVER

The mills are in operation to the extent of turning out colored yarns for sample packets which will be supplied to all B.C. houses in the market for this class of goods, stated the manager.

"We have a considerable number of orders on hand, and we are now making the samples to submit to these firms. We must wait for their approval of the product that we turn out here, and then we will go into bulk production," continued Mr. Moore.

EVERYTHING READY

The plant is in readiness for large scale production as soon as the samples have been approved. The machinery has been tuned up, and all equipment is in place.

The task of transshipping an entire factory from Bradford, England, to Victoria, together with new and additional machinery, required for the electrification of the project here, was not an easy one. It entailed the crating of innumerable pieces of machinery, and the assembly of the entire chain process of manufacture, under which the wool tops are fed into one end of the system, and the yarn is taken out at the other after which it is run through the dye tanks.

ANY COLOR

Under the wide range of colors for which provision has been made here the yarn can be turned out in almost any color, and will find a ready market especially for the making of sweaters and hose. The production will be under the supervision of experienced worsted operators, brought by Mr. Moore from England. Mr. Moore himself has been on the scene, ever since the building was completed several months ago, and has supervised every detail of getting the industry under way. Now with every prospect of a high volume of orders and the yarn is off to a successful start.

The worsted mill was the third of three city-aided ventures sponsored last year and is the first to reach the production stage.

DIPLOMAT TO SPEAK HERE

Sir Rennell Rodd to Talk on "The Old and New Diplomacy"

"The Old and New Diplomacy" will be the subject of an address by the Right Hon. Sir Rennell Rodd, G.C.B., G.C.M.G., O.C.V.O., M.P., well-known British diplomat, at the Chamber of Commerce next Saturday night.

Sir Rennell is on a tour of Canada under the auspices of the National Council of Education and at various points has discussed subjects of historical and national interest. He will arrive here Saturday afternoon and will be a guest at Government House. On Sunday evening he will leave for Regina.

Sir Rennell brings with him to Canada the results of a life devoted to the service of the Empire. He is a diplomat of note and has twice been a

GREAT PRAIRIE GRAIN CROP SETS CAR-LOADING RECORD

Winnipeg, Oct. 17.—From prairie country elevators along its lines, the Canadian Pacific yesterday loaded a total of 2,411 cars, thus creating a world record. The highest previous figure was that of October 24, 1927, when 2,266 cars were loaded.

Allowing 1,450 bushels to the car, country elevators delivered to the Can-

PORT'S NEEDS PRESENTED TO DR. KING

Minister Says Chamber and Council Requests Seem Reasonable

"If the present developments at the Ogden Point Piers prove successful, other developments there will follow, without doubt," Hon. J. H. King, Minister of Pensions and National Health, told members of the port and harbor development committee of the Chamber of Commerce, at the Empress Hotel this morning.

Improvements at Ogden Point were discussed with Dr. King by members of the committee, who were headed by P. B. Fowler, president of the Chamber of Commerce.

MAKE THEM NECESSARY

"With the elevator once in action, it will make these additions more necessary," Dr. King said of the request for the improvement of the present pier, the moving of the present ferry slip and the construction of a larger one farther west to accommodate larger ferry barges.

Capt. George McGregor explained that the present slip is only twenty-six feet wide, and accommodates only one track, while the average barge is forty-five feet wide and has three tracks. Under present conditions, the C.P.R. is absolutely shut out from ferry connection with Ogden Point because of the inadequate ferry slip, he said.

In reply to Dr. King, Capt. McGregor said that from what C.P.R. (Concluded on page 3)

NO EXPLANATION OF VIOLENCE

Vancouver Man Unable to Recall Four Days of His Life Last Week

Vancouver, Oct. 17.—Ill, bewildered and unhappy as a result of his three-day disappearance, William Angus Beaton was confined to bed to-day at the home of his mother, Guelph Street, Vancouver.

The twenty-eight-year-old Vancouver grocer salesman was unable to tell what happened to him between Wednesday and Saturday last, when he awakened in a box car on a Canadian Pacific siding at Revelstoke with his nose broken and his head a whirl.

NO CASH MISSING

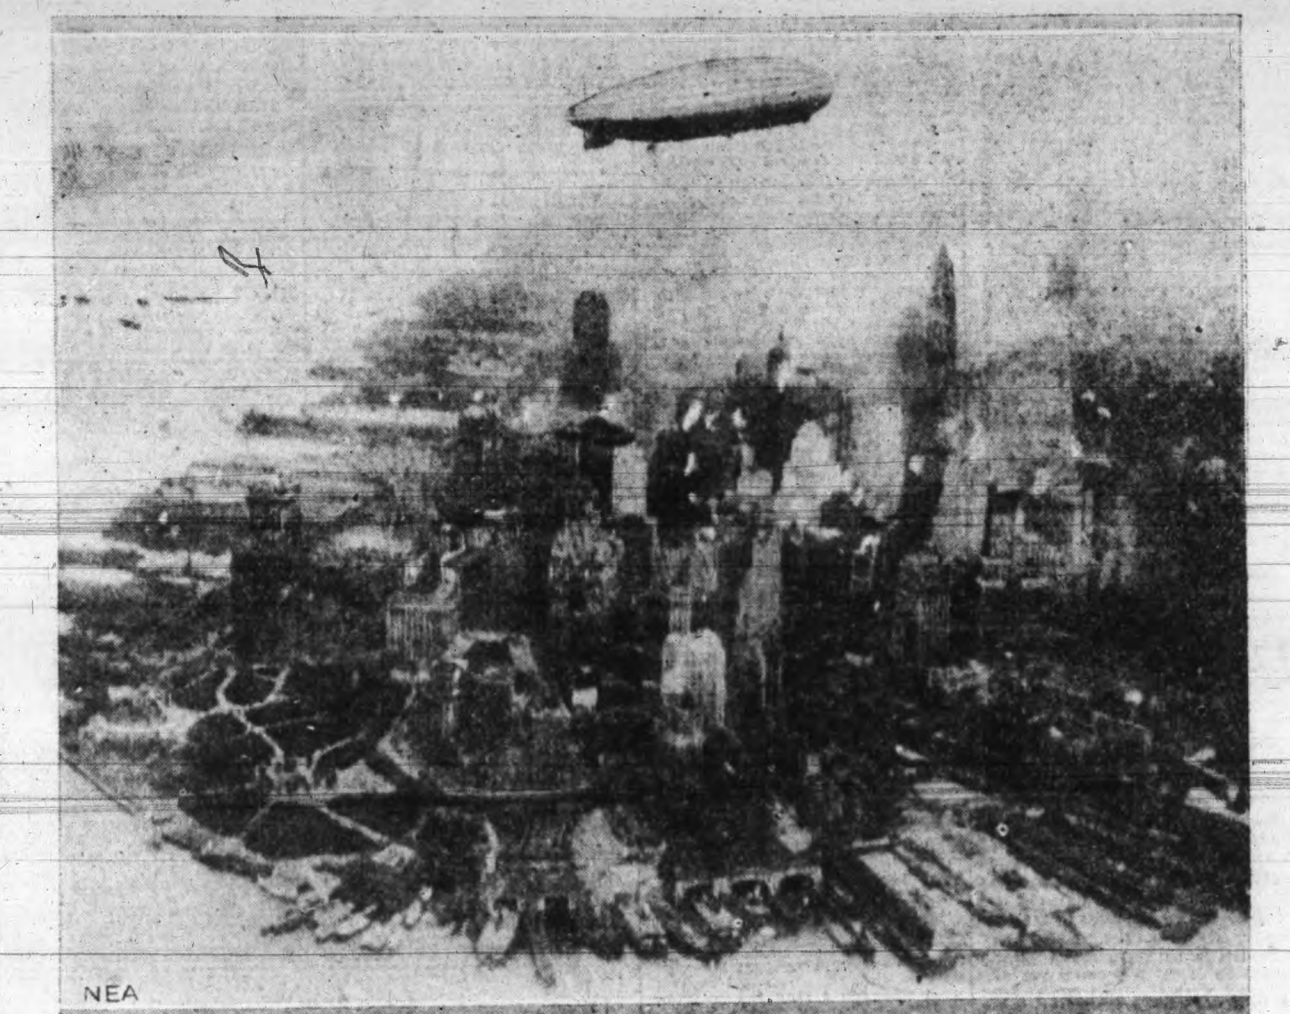

Mr. Beaton said he had a considerable sum in cheques and a little cash in pockets. None of it was missing when he awakened. He went to friends in Revelstoke and through them communicated with his relatives in Vancouver.

The management of Western Grocers Ltd., Beaton's employers, stated they could throw no light on the mystery of the young salesman's disappearance.

On Tuesday night, the manager said, "I bowed on a team with Beaton and he seemed perfectly ordinary then. The next day he disappeared."

Beaton was seen at Agassiz Wednesday, leaving his auto and walking towards Ruby Creek. The car was found on an abandoned trail near that point.

First Picture In Victoria of Graf Zeppelin Passing Over New York After Stormy Trip

Sent by telephone to San Francisco, thence by air mail to Seattle and boat to Victoria, this photograph, as well as others appearing elsewhere in this issue, is published exactly forty-eight hours after it was taken in New York City. This rapid transmission of photographs was accomplished by the N.E.A. at the request of The Times. The above photograph was taken from an aeroplane which escorted the dirigible over New York. By use of the telephone it was in San Francisco a few minutes after the plate had been developed and appeared in newspapers there on Monday. Owing to the absence of telephoto apparatus in the North the photograph was sent to Seattle by the next fastest method, the air mail. It arrived there early yesterday afternoon. If Victoria had been linked up with the air mail circuit the picture could have been here in time for publication yesterday.

HEAVY VOTE IN VANCOUVER

Poll in Greater City's Election To-day Expected to Set Record

Vancouver, Oct. 17.—Indicating to-day's vote will be the heaviest in the history of Vancouver, reports from polling stations in various sections of the city revealed elections were proceeding in a steady stream to the voting centers.

A report from one polling station was that some time before it opened at 8 a.m. there were nearly fifty persons waiting to cast their ballots.

The afternoon poll is expected to be exceptionally heavy, as closing of stores for the weekly Wednesday half-holiday will free a large number of employees. The polls will close at 7 p.m.

73,075 ON LIST

The new voters' list for the city, Point Grey and South Vancouver, contains 73,075 names. The highest vote ever cast in old Vancouver was in December, 1926, when 15,972 ballots were cast in the majority contest. That election, however, was for the city alone, with a total polling strength of approximately 47,000.

NUMEROUS CANDIDATES

Candidates for the first administration of the Greater City number seventy-three. There are three in the majority race, thirty-two for aldermen, two having been returned by acclamation; twenty-five for the school board.

(Concluded on page 3)

U.S. CANDIDATE HELD BY POLICE

Wilmington, Del., Oct. 17.—Police last night stopped a political meeting when W. Z. Foster, Workers' Party candidate for Vice-President of the United States, touched on the race question and advocated the setting up of a soviet government in this country.

Foster was held by the police pending instructions from Superintendent of Public Safety George B. Black. About 200 persons attended the meeting.

SEVENTY DROWN WHEN CHINESE SHIPS COLLIDE

Shanghai, Oct. 17.—Seventy persons were drowned, according to reports from Tientsin, when two coasting steamers of the China Merchant Steam Navigation Company collided near Taku. The Yung Hsing was sunk and sixty of the 300 passengers she carried, together with ten members of the crew, were "neverward" reported missing. The other vessel was the Hsinlai.

A. SMITH OF OTTAWA DIES

Was Organizer of Liberal Party of Canada; Close Friend of Laurier

Ottawa, Oct. 17.—Alexander Smith, former organizer of the Liberal Party of Canada and for many years an intimate friend of Sir Wilfrid Laurier, died suddenly at his home here to-day at the age of sixty-two years. He was ill only a day.

There were few men in Canada better known in political life than Mr. Smith.

A son of the late Mr. and Mrs. Peter S. Smith, pioneer settlers in the County of Bruce, Ontario, he was educated at the Fort Elgin and Walkerton public schools, the Collingwood Collegiate Institute and the University of Toronto, where he graduated in 1889.

He attended the law school at Osgoode Hall, Toronto, and was called to the Ontario bar and was sworn in as a solicitor in 1893.

(Concluded on page 2)

SIR F. DICKSEE DIES IN LONDON

President of Royal Academy of Great Britain Was in Seventy-fifth Year

London, Oct. 17.—Sir Francis Bernard Dicksee, president of the Royal Academy since 1924, died in a London nursing home to-day. He recently underwent an operation.

Francis B. Dicksee was born in London November 27, 1853. He first exhibited at the Academy in 1876. He was created a Knight of the Royal Victorian Order in 1927.

Many noted paintings came from his brush, among them being: "Romeo and Juliet," "Funeral of a Viking," "The Magic Crystal," "An Offering," "La Belle Dame Sans Merci," "The Shadowed Face," "The End of the Quest," "The Moon Maiden," "Portraits of Lady Aird," "The Hon. Mrs. Ernest Guinness," "The Marchioness Camden," "Paulo and Francesca," "The Passing of Arthur," and "The Redemption of Tannhauser."

LITTLE JOE

ARCTIC STAR IS RACE WINNER

Biancona Second Horse and Accalmie Third in Cesarewitch in England

Newmarket, Eng., Oct. 17.—Sir Mathew Wilson's Arctic Star to-day won the Cesarewitch, famous Autumn handicap of 2 1/2 miles, here.

S. Sanford's Biancona was second and Accalmie, owned by Mathieu Goudchaux, third.

Arctic Star led by three lengths, with one and one-half lengths between the second and third. The betting was 9 to 1; 25 to 1 and 25 to 1 against. The stakes were £1,000, with extras added.

PITIFUL RACE

Arctic Star, winner of the race last year, was withdrawn two days before the race when he broke down during training.

DONOGHUE FAILED

Col. H. A. Wernhe's Brown Jack, with Steve Donoghue up, which was the favorite, was an also ran.

Hotel in Terminal City Changes Hands

Vancouver, Oct. 17.—The Belmont Hotel, on the southeast corner of Granville and Nelson Streets here, has been sold for \$250,000. It was announced to-day.

William Woods, the owner, sold it to a local man. It is a five-story building with 120 rooms.

SMALL PLANE IS WINGING WAY ACROSS OCEAN

Commander H. C. Macdonald Leaves Harbor Grace, Newfoundland, in Small Plane and England is Believed to Be His Goal; Moth Plane Has Flying Range of Thirty-five Hours.

St. Johns, Nfld., Oct. 17.—With perfect weather and a slight northwest breeze, Commander H. C. Macdonald, in his Gypsy Moth plane, hopped off from Harbor Grace at 1.21 this afternoon on what is presumed to be an attempt at a solo flight across the Atlantic to England. The plane easily arose from the airport and after circling disappeared eastward.

Commander Macdonald had been held here ever since September 26 owing to continued bad weather, this being the first possible opportunity to make a start.

Macdonald stated the flight would be only a five-hour duration test, but he had taken a full load of fuel and other equipment for an Atlantic flight.

WEATHER IS FAVORABLE

New York, Oct. 17.—Commander H. C. Macdonald will have "peculiarly favorable weather" on his flight from Newfoundland to England, Dr. J. H. Kimball, of the United States weather bureau told the Associated Press to-day.

Reports received here show there are the solo flier will have the advantage of a following wind. This wind should attain a velocity of twenty miles an hour. The plane probably will encounter cloudy weather here and there with some rain.

There has been no attempt to make a solo transatlantic flight since Col. Charles Lindbergh flew from New York to Paris, May 20-21, 1927, taking thirty-three hours and twenty-nine minutes for the trip.

Lieut. Commander H. C. Macdonald arrived by steamship in Newfoundland from England, with his Haviland Gypsy Moth plane on September 26 with the announcement of intention of attempting a transatlantic flight from Harbor Grace.

He made a series of test flights soon after his arrival at Harbor Grace. Macdonald, who is twenty-eight years old, said he had had only eighty hours of flying experience, but he was convinced he could make the flight alone in the small plane.

WAITING FOR "HUNCH"

From the time of his arrival at Harbor Grace the Englishman had been awaiting favorable weather conditions until to-day. He declared he would not take off until he had a "hunch" everything was right.

Macdonald said the flight was being financed privately. He was assisted in preparing for the flight by A. F. Williams, a mechanic who accompanied him to Newfoundland from Great Britain.

LIGHT MACHINE

Macdonald's plane is but a midget compared with Lindbergh's "Spirit of St. Louis." Known as an aerial voyager, the Gypsy Moth was secretly prepared at the Stag Line Aerodrome in London for many weeks before the flight. It has a wing spread of only twenty-six feet, and when empty weighs less than 800 pounds.

Extra fuel tanks were fitted to the plane, giving it a range of about thirty-five hours, sufficient for 3,600 miles of cruising.

Macdonald's plane's engine is only of eighty to one hundred horsepower, compared with Lindbergh's 250. It is a four-cylinder air-cooled motor. Tests showed it could run without trouble for periods of twenty-four hours and more.

The Gypsy Moth is the plane in which W. L. Hope won the last King's cup for a race across England, and is the craft taken by Captain G. de Havilland on an altitude record-breaking flight for two-seater light biplanes.

The plane is too small for wireless in addition to its other load, and floats would be useless to keep so tiny a machine afloat on the Atlantic rollers. Commander Macdonald is comparatively a novice at piloting, although he is a skilled navigator.

BUFFALO GUARD BOATS ARE OUT TO STOP RUM FLEET

Buffalo, N.Y., Oct. 17.—All available United States coastguard patrol boats were ordered into the Niagara River to-day to repel an expected invasion of rum runners from the Canadian side.

Lieut. Martin Rasmussen, district coastguard commander, said his men were working in eight-hour shifts and the smugglers were being watched both day and night.

"If they make a break for this side we will get them," he said.

According to a checkup made by Lieut. Rasmussen, thirty or forty boats were lined up along the Canadian side awaiting a foggy fog or a black night to make a dash across the river with their cargoes of illicit liquor.

Above Skyscrapers Soars Graf

New Yorkers, used to considering their skyscrapers as the highest achievement of mankind, had to look still higher as the Graf Zeppelin soared over New York in completing its trip from Germany. This telephoto, rushed to The Times, shows the huge airship over the Battery, with the Custom House on the right and the Standard Oil Building, on the left. The picture was taken on Monday afternoon.

DIPLOMAT TO SPEAK HERE

(Continued from page 1)

British delegate to the League of Nations.

Entering the diplomatic service in 1885, he was for a year under Lord Granville in London, then going to the embassy in Berlin, where he experienced exciting times during the political domination of Bismarck and the consolidation of the German Empire.

In 1888 he was appointed to the Legation at Athens, later going to Rome and Paris, where he worked under the leadership of Lord Dufferin.

In 1892, he was appointed Acting Consul-General at Zanzibar and High Commissioner for East Africa.

After going to Egypt, then to Rome, he was named Minister to Norway and Sweden in 1901. During the Great War he was the British Ambassador to Italy.

In 1918 he left Rome, beloved of the Italian people as a tried friend, and held in highest esteem as a diplomat.

Following strenuous commissions in Egypt, during trouble there, Sir Rennell, over seventy years of age, yielded to the insistence of friends to offer himself as a Member of the British Parliament for the St. Marylebone division, being subsequently elected by a large majority.

PORT NEEDS PRESENTED TO DR. KING

(Continued from page 1)

officials had said recently, that company was anxious to get connection with the Ocean Point piers. It was reported that the C.P.R. was now actually refusing shipments of grain from the prairies to Victoria because it did not have the connection here.

George I. Warren said that Panama Pacific steamer officials were anxious to have connection of the present piers available because if there develops a rush of grain to Vancouver they can ship the surplus here.

IMPROVEMENT AT WHARF

"The port committee of the Chamber of Commerce suggests that the concrete sea wall on the west side of the elevator pier should now be raised sufficient height to properly retain the gravel fill," said A. P. Moffatt in presenting the chamber's case.

"Both piers have apparently been settling and should be attended to before they get seriously out of line. The level of the piers should be raised particularly at the outer ends in order to withstand the wash of the sea during heavy westerly winds during high stages of the tide.

"The present piers have always been in need of wooden buffers backed by heavy springs or other device of a flexible nature to take the blow and pressure when ships come alongside.

"The present system of ballast logs is not at all satisfactory, it would appear, and owing to their loose moorings sometimes get foul of ships' propellers and damage them. Unless this defect is remedied the port will get a bad name from the unfavorable reports of ship masters who are averse to having their ships damaged in coming along side of a solid sea wall insufficiently protected.

"The question of changing the shape of the outer ends of the present piers might be looked into with a view to minimize the force of the westerly swell. The present square face receives the full force of the sea, which frequently breaks over the outer ends of the piers. If the outer ends were extended and tapered to a rounded point this trouble would be obviated and ships would find it much easier to dock."

REQUESTS REASONABLE

Dr. King said that the administration of the wharf was under the Canadian National Railways. "I will take these things up with the railway department," he went on. "We are all hoping you will get some development on that pier. With the grain development you are hoping for here, it seems a very reasonable request."

Other speakers in the delegation included J. R. Scobie, G. B. Hope, Lincoln Smith and J. McFarlane. Mr. Scobie, before the delegation retired, referred to the fact that a delegation from the City Council was coming up later to have a similar interview on port developments.

"I might say that although we have

not had time to consider or endorse their particular projects, the Chamber of Commerce heartily approves in principle of the efforts of the City Council to secure harbor improvements," Mr. Fowler said.

COUNCIL PROPOSALS OUTLINED

The City Council delegation was introduced by Alderman H. C. Litchfield, chairman of the industrial committee. Mayor Pendray presented the resolution, which asked that an expert harbor engineer be sent out to survey the whole situation here and then, on the finding of that engineer, the Government should go back to the policy of years ago and adopt an established policy for the finishing of the port of Victoria. He said that the Victoria council should know what that policy was, so that it could co-operate with the Government in it. It was proposed that the Government, for a period of five or seven years, should put up every year an amount sufficient so that at the end of the period Victoria

would be made what it should be, "the terminal port of the Pacific."

Other speakers were Aldermen Clearhue, Woodward, Marchant and Brown.

Dr. King said that he was favorably impressed by the representations and would give the proposal his own personal attention when he returns to Ottawa.

Organ Recital—Miss Winifred McDonald will give an organ recital next Monday evening at St. Andrew's Presbyterian Church, and will be assisted by the following: Mrs. Bertram Mayell, Mrs. Styles Sehl, D. R. Park and A. W. Trevel, in vocal solos and duets; Miss Mary Phillips will render violin numbers, and Jesse Longfield will preside at the piano. The recital will commence at 8.15. A varied and interesting programme has been arranged.

NEW BEAUTY BY YOUR CLOTHES

By Mae Martin

You can look attractive and stylish on less. Learn how to give new beauty and variety to your dresses and add individuality and charm to things around the home by the quick magic of home tinting and dyeing. Perfect results are possible only with Diamond Dyes. Each package represents the perfection of 50 years of dye-making. They never streak, spot or run. They are real dyes, like those used when the cloth was made. Diamond Dyes are easy to use. The "know-how" is in the dyes. Fashionable tints appear like magic right over the out-of-style or faded colors. Insist on Diamond Dyes and save disappointment. "Color Craft," my big new book of dollar-saving hints, will be sent you FREE. Write Mae Martin, Diamond Dyes, Windsor, Ontario. (Adv.)

WANT SCHOOL BOOKS WRITTEN BY TEACHERS

Provincial I.O.D.E. Pass Many Resolutions at Nanaimo Meeting

Endorsement of the tour of the Shakespearean Players—throughout Canada, the encouraging of Canadian teachers to write books for use in public schools, further government supervision and treatment for feeble-minded children, and anti-dumping, were among the subjects of resolutions passed at the semi-annual meeting of the Provincial Chapter I.O.D.E. in Nanaimo yesterday.

MEMORIAL MOOTED

It was decided to hold the next annual meeting in Vancouver, owing to the national meeting being held in Victoria. Mrs. Curtis Sampson, president, paid a tribute to the memory of the late Mrs. Henry Croft of Victoria, who organized the provincial chapter. It was intimated that a suitable memorial would be established to commemorate her work.

Mrs. Sampson placed a wreath on the cenotaph after the visitors had inspected Nanaimo Hospital.

RESOLUTIONS ENDORSED

The chapter endorsed an effort being made in England with a charter from His Majesty King George to promote a tour of Shakespeare plays throughout Canada, instigated to raise funds to erect a national Shakespearean theatre in England, replacing the one destroyed by fire.

The meeting endorsed a resolution encouraging Canadian school teachers to write books to be printed in Canada for use in public schools. The matter will be taken up with the provincial minister of education.

STANDING COMMITTEES

Standing committee reports were read showing Vancouver Municipal Chapter donation of \$50 for India work; Alexandra Rose Day contributions amounted to \$899; League of Nations reported English language compulsory in public schools of Japan and Sweden.

A resolution was received protesting against the dumping of American surplus goods and farmers to market produce and protect Canadian industries. Delegates were instructed to apply the resolution to their own locality and report to provincial.

The meeting closed with a tea at the home of Mrs. W. W. Lewis, Newcastle Townsite. Mrs. Curtis Sampson was presented with a beautiful bouquet of flowers, and in acknowledging the tribute warmly thanked the Bastion Chapter for their hospitality.

GILDA GRAY TO BE SUED IN LONDON

Husband Seeks Annulment of
Marriage With Dancer

Los Angeles, Oct. 17.—British courts probably will be the scene of the airing of proclaimed "charges of a scandalous nature" in the attempt of Gil Boag to obtain annulment of his marriage to Gilda Gray, dancing girl of stage and screen.

Yesterday Boag, who long was manager as well as husband of the girl, and fortune teller, came from London to his Los Angeles attorneys to forward the documents necessary for the filing of the annulment suit there. The attorney, Milton Golden, forwarded by air mail a stack of legal documents to his London agents, Cooper, King & Company. Previously Boag has said his suit when filed would be based on charges of pre-nuptial fraud.

PLAYING HIDE AND SEEK

Both Boag and Gilda Gray are now in London, but each is said to be unaware where the other is hiding. Miss Gray at the age of fifteen was married to John Goretzki, a Milwaukee bartender, and became the mother of a son now fourteen years old. She divorced her first husband in 1923 and the next year married Boag. She filed a divorce complaint against her husband in Port Washington, Wis., last July and left for London to appear in films there. Later Boag also went to London and there came reports of reconciliation. These reports were shattered by a later one that Boag had served a writ on his dancing wife restraining her from appearing in the British film "Piccadilly."

Will Hold Wool Quilting Bee At Strawberry Vale

At their hall on Wilkinson Road, the members of the Strawberry Vale Women's Institute will hold a wool quilting bee to-night, beginning at 10 o'clock, when the whole procedure from the fleece to the finished quilt will be demonstrated. Much interest has been evinced in this quilting party, coming as it does at a seasonable time.

Members and their friends will participate in the evening at the hall and the directors extend a very cordial invitation to all ladies in the district who are interested in this work.

By courtesy of David Spencer Ltd. a home-cooking stall will be held in the bargain basement on Saturday morning, with Mrs. Hall and Mrs. Pridmore in attendance.

Florence Nightingale Chapter.—The next sewing meeting of the Florence Nightingale Chapter I.O.D.E. will be held at the home of Mrs. Hyalop, 1634 Pinewood Avenue, on Thursday afternoon.

MARRIED AT MOUNT TOLMIE CHURCH

Mr. and Mrs. Claude Belfridge (formerly Miss Effie Lindsay), with her bridesmaid, Miss Daisy Lindsay, and the groomsmen, Mr. John Chambers.

Personal Items

IS BALL PATRON

MISS HELEN MACKENZIE

who is one of the patrons of the University Women's annual ball to be held at the Empress Hotel on Friday evening.

Mrs. L. W. Hargreaves and her daughter, Miss Lillian Hargreaves, of 2378 Pacific Avenue, are spending the winter in Europe, but Mr. Hargreaves will return after an absence of four or five months.

Mrs. Paddon of Mayne Island, and Miss Paddon have returned to Victoria from quick, near Prince Rupert, where they have been spending some time with Mrs. Paddon's son, Mr. W. L. Paddon.

Mrs. John Cadnow, who will leave the end of the week to spend the next six months at Qualicum, entertained yesterday afternoon at her home on Island Road, Oak Bay, at bridge when her guests included Mrs. W. W. Lawrence, Mrs. T. J. Goodlake, Mrs. E. A. Phillips, Mrs. T. Watt, Mrs. F. W. MacGowan, Mrs. G. B. Hillard, Mrs. Stephenson, Mrs. McLennan of Boston, Mrs. H. A. Munn, Mrs. Homer, Mrs. Kirkham, Mrs. George Deane and Mrs. Hextall.

The Players' Club of the University of British Columbia held its annual competition for the Players' Club prize of fifty dollars, which may or may not be awarded, according to the unanimous choice of the committee of faculty members acting as judges. Those receiving honorary mention were Mr. A. B. Rowland, with "Buddies," and Miss Evelyn Tufts, who submitted "The House on the Hill." This is the fourth time that the plays submitted have won the prize, former winners being Mrs. Henry Angus, Miss Dorothy Taylor and Mr. K. Lamb.

Mr. F. E. Winslow entertained at a luncheon party at the Union Club yesterday in honor of Mr. Ross Clarkon of Montreal, manager of the Royal Canadian Mounted Police. The other guests included His Honor the Lieutenant-Governor, Sir Godfrey Thomas, Hon. E. D. Euler, Hon. J. H. King, Hon. R. E. Atlay, Hon. W. C. Shelly, Mr. Justice MacGowan, Mr. K. C. Ailed (Winnipeg), Major Gus Lyons, Mr. P. B. Fowler, Mr. D. J. Angus, Mr. A. C. Burdick, Mr. H. A. Rose, Mr. E. W. McMullen, Mr. Herbert Wilson and Mr. B. C. Nicholas.

A very pleasant evening was spent at the home of Mr. and Mrs. Ashton, 1537 Bay Street, on Friday and Saturday.

day evening, in celebration of their twenty-fifth wedding anniversary.

The evening was spent in cards and dancing. The invited guests were: Mr. and Mrs. Stephenson, Mr. and Mrs. Baron, Mr. and Mrs. Eastick, Mr. and Mrs. Brooks, Mr. and Mrs. Williams, Mr. and Mrs. Tudor, Mr. and Mrs. Paver, Mrs. Gough, Mr. T. Gough, Mr. and Mrs. Sherriff, Mr. and Mrs. U. Sherriff, Mr. and Mrs. Githio, Mr. and Mrs. Ramsley, Mr. and Mrs. E. Gough, Mr. and Mrs. A. Weatherall, Mr. and Mrs. McLennan, Mr. and Mrs. Lane, Mr. and Mrs. Standell, Mr. and Mrs. Walker, Mr. and Mrs. Stamford, Mr. Chamberlain, Mrs. Gornall, Mr. and Mrs. Latham, Mr. and Mrs. Urwin and the Misses Davies, Cook, Petty, Morgan, A. Baron, L. Baron, E. Baron, A. Gough, M. Sherriff, M. Tudor, D. Brooks, M. Moody, H. Moody, F. Clough, D. Cook, G. Cook, L. Yates, A. Standell, B. Echer, A. Morton, E. Ashton, and the Messrs J. Gough, E. Paver, A. Paver, K. Ramsley, J. Ramsley, R. Ramsley, V. Heady, J. Heady, S. Standell, J. Almond, R. Moody, J. Moody, D. McLennan, J. Stephenson, C. Stephenson, B. Stephenson and G. Fountain.

Miss Riddell To Speak on Education

Those people who are beginning to question the efficacy of the educational system should hear Miss A. T. Riddell, M.A., on "Our Present Educational Outlook," at the home of Mrs. H. Knox, 1338 Pandosy Avenue, this evening at 8 o'clock. Both men and women are asked to come prepared to take part in the discussion. Everyone interested is cordially invited.

METROPOLITAN W.A. HEARS DR. FRASER ON TRINIDAD MISSION

Metropolitan United Church Women's Auxiliary held its monthly meeting on Monday afternoon in the lecture room of the church. Good reports were presented by the secretaries. The stranger's secretary, Mrs. Hembroff, reported 101 calls made on strangers and six letters written during the month of October.

Solita rendered by Mrs. Parsons were much appreciated by the ladies. It was decided to celebrate the fortieth anniversary of the society by holding a chicken dinner and a concert on October 30.

A most interesting and instructive address on mission work in Trinidad was given by Dr. Simon Fraser. Dr. Fraser said that he had long been associated closely with the work of the Women's Missionary Society of the United Church of Canada, and he had found that the ladies never failed in their organizations.

In Trinidad the church had been divinely guided, he said. Since Christianity and education went hand in hand, the work of the missionaries was among the children. The Missionary Society had put up seventy-five schools and 18,000 children were attending them. They now had trained Indian girl teachers in these schools.

Dr. and Mrs. Fraser are returning to Trinidad at an early date to live and labor among these people, whom they have learned to love. At the close of the address Dr. Fraser expressed a wish for a lantern and slides on the life of Christ to use in the schools in Trinidad. His wish was speedily granted by the generosity of Mrs. Saunby, who presented him with the necessary equipment in memory of her husband.

Equinault W. I.—A card party will be held to-morrow evening at the Parish Hall, St. Paul's Garrison Church, under the auspices of the Equinault Women's Institute.

GUIDERS BADLY NEEDED TO LEAD LOCAL GROUPS

Miss Joyce Wolton to Conduct Training Classes Next Week

On Monday and Tuesday next Miss Joyce Wolton, head of the Foxlease Training Centre for Guiding in England and holder of the rare title of chief's diploma, will visit Victoria and hold training classes in the Guide headquarters, over Sweeney and McConnell's, on Langley Street, from 8 to 10 p.m.

This will be an exceptional opportunity for anyone who is even only curious about guiding to get an insight into the work, and all will be welcome. Those who met Miss Wolton in 1922 will have a lively recollection of her genius for inspiration and teaching.

For thirteen years the Girl Guides of Victoria have struggled with the difficulty of finding Guiders. During the war the difficulty was intense, but a few of the Guiders held on, and the Guides achieved a considerable amount of useful service of a highly miscellaneous nature.

The Guiders of British Columbia, and especially of Victoria, hold a high place in their world. The Second West Victoria and the Fourth East Victoria Companies and the First West Victoria Brownies, together with the Burnaby, Second Vancouver and First Cowichan Companies are among the oldest in existence in Canada, the two Victoria companies celebrating their thirteenth birthdays last month.

LOCAL HONORS
In Canada the first silver cross for saving life was awarded to a Victoria Guide, and the first bronze cross to a Vancouver member, and the First Cowichan Company has won no less than three silver crosses during its career.

British Columbia also holds the palm for organization, the system of provincial and a self-government, now fairly general throughout Canada, being first evolved here as a result of a series of provincial rallies held in Victoria, Burnaby and Vancouver.

IDEAL IN SERVICE
The ideal of the Guides is service, and is a real working endeavor to promote international peace and understanding. That this ideal is appreciated by children is proved by the fact that of the nine companies in the city five are overcrowded and have long waiting lists. At least twice as many companies could be formed and twice as many children afforded the happiness of Guiding if only women would come forward prepared to give up the small amount of leisure required to learn the game and run a company.

REQUIRES LITTLE TIME
That the amount of time which a grown-up sacrifices is really small is proved by the fact that nearly every Guide in Victoria at present not only works for her living, but has a number of other calls upon her time.

His Honor the Lieutenant-Governor has received the following message from Ottawa: "His Majesty the King commands one week full and one week half mourning commencing tomorrow day, for her late Imperial Majesty Empress Marie of Russia. Flags to be flown at half-mast only on day of funeral."

WHY BE EMBARRASSED BY PERSPIRATION ODOUR

It's so easy to avoid this obnoxious social error. Simply use Lifebuoy, the superb toilet soap, for face, hands and bath.

Let Lifebuoy's creamy, antiseptic lather neutralize the one to two pints of moisture which the human body expels daily through the pores.

When you use Lifebuoy you can be sure of never giving offence from bath to bath.

JUDGING JUVENILE COURT PROVES JOB FOR MOTHERS

"Could anyone around here tell me where to locate Judge Kelly?" a visiting lawyer asked his bellhop in Memphis, Tennessee.

The little ebony face lit up. "Judge Camille Kelly, Boss?" the little fellow queried. "Why, Ah knows her myself. She's de lady dat gits us cullud folks justice," he said proudly.

He was only one of hundreds of Kelly fans in Memphis. For Judge Kelly, the first woman judge south of the Mason-Dixon line when she was appointed eight years ago, has made her juvenile court famous. What is more, she has made most of the delinquents who appeared before her, friendly. Black, white, young, old, whatever the case from a runaway black boy who stole to live, to a white beggar who beat his little daughter because she wouldn't steal, each culprit has a chance to explain his case.

SHE WAS A NURSE
"Being a judge is just like being a mother," this dynamic woman, with kindly dark eyes and a warm smile, said. Judge Kelly should know. Born in Memphis, the daughter of the late Dr. J. P. McGee, prominent surgeon, she studied nursing and was made head of a hospital before she met T. F. Kelly, a well-known lawyer. When she changed her name, she changed her profession too. While her two boys were growing up, she studied law with her husband.

Now, with both sons grown, one a lawyer and the other a reporter, Judge Kelly has transferred her attention to delinquents.

AN UNUSUAL COURT
Visiting her court is a sensation in an ordinary life. It is justice in a ballroom. Literally. For juvenile court is held in an old mansion. Up a winding path under tall elms, through stately porticos, into a spacious ballroom, with lovely parquet floor, crystal chandeliers, old pier glasses and lilacs and arias in big pitchers in the deeply recessed windows.

"Now, mother, tell your story," she said, soothingly. "How much does he give you a week? Now your side, father. How much do you make?"

Quietly, sympathetically, she gets both sides of the drab tales that parents

Your Baby and Mine

By MYRTLE MEYER ELDRED

TWO CHILDREN AND A TALE OF WOE

Mrs. C. H. B. writes:

"I am writing concerning my sister's children, two of the naughtiest children I have ever seen. The girl is seven, the boy five and one-half, and they have their mother at her wits' end. They play with their cousin six years old and the first thing you know they are kicking and biting him. His mother has forbidden them to play together. The whole neighborhood dislikes those children."

"One day my mother visited them. The girl climbed on a fence and her mother said: 'Don't do that, it makes grandma nervous.'"

"At a party the boy went up to a guest: 'My sister doesn't like you, M.' he said. 'What would you have done in that case?'"

"Their mother has cried, scolded and spanked to no avail. Would it help if their daddy spanked them? He talks to them as he talks to dogs he has had, and they let him talk and then go on and do what they please. They have plenty of toys and playthings."

A mother who allows them to see that she is helpless before them. A father who talks to them like dogs, and then they go and do as they please!

Everything is wrong and the children are acting exactly as any child of spirit would be expected to act under those conditions. They would stand the spankings and do as they pleased, they would have no feeling toward the mother child because they are not used to being well treated themselves. They do as they are "done by."

Obedience is never beaten into a child. It is a slow growth, built up by the parents' love and understanding and sympathetic treatment. They learn good manners when good manners are displayed to them. There is nothing more pathetic than for a mother to think that she can hit a child and then expect that in return he won't hit her, or others. You say yourself these children are talked to like dogs. What can you expect of them?

Knowledge of how to handle the incidents you mentioned will not help you to make these obedient children. But—the mother should have used no such unfair reason for getting the girl off the fence. If the fence was not dangerous then grandma should have looked somewhere else. This is just a case where a child is told to obey for no good reason except that her actions annoy someone. The children should have been excluded from the party in order to make them understand that good manners are essential to an enjoyment of society. No doubt they have often heard, "No one likes you," and felt perfectly justified in saying it to one they didn't like.

NANCY PAGE

CAPE COD FLOORS MAY LOOK LIKE CONFETTI

By Florence La Gankie

"What on earth are you doing, Priscilla?" "I am making a Cape Cod floor. And I can't think of anything I would rather do when I am cross at someone. The way you sling paint all over the floor in the last stage of making the floor is masterful. I could work off many a bad temper doing it."

"What under heaven's name are you talking about?"

"Well, you see I am making, as I told you before, a Cape Cod floor. For this room I have painted the entire floor black. Black covers up worn spots and uneven spots and splintery places which are bound to come in floors which get hard wear in summer cottages."

"After the black paint is thoroughly dry I make it spotted. To do this I look at my left-over remnants of paint. I found some jade green, some light blue, some Chinese red and some white. Then just at the last I found a little orange yellow. I dip my brush in any one of these paints and then rubbing it slightly on the edge of the can so that it is not too well filled and drippy, I splash the paint all over the floor. It should go on with a certain dash or

What will You do when Your Children Cry for Castoria

THERE is hardly a household that hasn't heard of Castoria. At least five million homes are never without it. If there are children in your family, there's almost daily need of this soothing preparation. And any night may find you very thankful there's a bottle in the house. Just a few drops, and Baby is comfortable. A few moments, and that colic or constipation is relieved; or diarrhea checked. Yet this is a vegetable product; a remedy meant for youngsters. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for every-day ailments. Any hour of the day or night that Baby becomes fretful, or restless.

Varsity Athletics Coming Saturday

Varsity Ruggers To Clash With Capitals Here On Saturday Next

Champions of Big Four League Bringing Over Formidable Team for Game at Royal Athletic Park; Number of Last Year's Stars Return and Team Is Reported to Be Running Like Well-oiled Machine; Victoria's Injured Players Back in Fold; Percy Williams May Kick First Ball

University of British Columbia's Big Four gridders will be in Victoria Saturday to meet the Victoria U.C.T., local representatives in the league. Varsity holders of the championship, have been put through strenuous practices by their coaches, and with a number of last year's stars back in the fold, are considered as strong as last season. The game will start at 3 o'clock.

Victoria have been put through their paces by Coach Ernie Cook, who reports his proteges in the pink of condition and ready to put up the fight of their lives. The local squad will be strengthened, as a number of their injured players will be out in their tops again. Don Newell, considered one of the best finds of the year, will make his first appearance. He has been laid up since the start of the series with an injured hand.

WILLIAMS MAY COME

Officials of the Victoria club are attempting to have Percy Williams, Vancouver's star sprinter and Olympic champion, attend the game and kick off the ball. If Williams comes over with the team he will also toss up the ball at the basketball game between Varsity and the Victoria Capitals at the high school gymnasium Saturday night.

FORMER STARS RETURN

Varsity have two of last year's men, Cummings and Brown, back on their lineup. Brown is a big 190-pound halfback with a world of speed, a sure tackle and a hefty boot. He is also the possessor of an uncanny faculty of finding holes in a line of bucks. Cummings is a star with plenty of experience, lots of speed and a neat tackle.

Comozzi, another star performer, will also be seen in action. His power and knowledge of the line is a great help to Varsity. The two quarters, Gutter and Hertz, are calling signals like veterans. Wentworth, Dixon, who by the way is a Victoria boy, Dixon, Grauer and Gullanders in the backfield are reported to be going like streaks. Dixon and Wentworth are the two fastest men on the team and will take real sprinters to keep up with them, according to the Varsity coaches. Captain Vic Odom is going just as good as last year, when he was a tower of strength in the line. The coaches, Dr. Burke and Norm Burley, claim the team is running like a well-oiled machine and will take a lot of beating.

TEAMS WILL BATTLE FOR SOCCER LEAD

Battle Royal Expected Saturday When Victoria City and Wests Meet

Former Have Not Lost a Game; Tommy Watt's Suspension is Lifted

Victoria City, leaders of the First Division, will meet the only obstacle that is keeping them from the undisputed leadership of local soccer when they encounter the Victoria Wests at Beacon Hill on Saturday afternoon.

The City have played the other four clubs in the league and have notched up a victory over each. A win over the Wests will put them well out in front. In the other two games Saanich Thistles and Esquimalt will play at Burnside, while the City's and Wests are slated to play at the Central Park.

GREAT GAME EXPECTED

A battle royal is looked for when the City and Wests kick off. The green-shirts have only dropped one point so far having played a drawn game with the Thistles. A win will give them the league leadership. The City will have Archie Campbell out on Saturday to perform at full-back, but they will be weakened through the loss of Glancy, who has been suspended for six weeks for fighting on the field of play.

The two other games should produce plenty of good soccer as competition in the league is becoming exceptionally keen.

Tommy Watt, centre-forward with the Esquimalt club last season, who was suspended for a year for striking a referee during a game, was reinstated last night by the Lower Island Football Association.

The Navy football club, member of the Wednesday League, appealed for Watt's reinstatement and it was granted. Watt was suspended for twelve months for striking Referee Frank Saunders. Saunders has also been reinstated and it is expected his suspension will be lifted. Glancy and Lloyd, of the Victoria City and Esquimalt clubs respectively, were on the carpet last night for fighting during a game on October 6. They were even suspended for six weeks.

HORNSBY TRADE NEITHER DENIED NOR CONFIRMED

President Veeck of Chicago Cubs Refuses to Make Statement on Reported Deal

Braves Said to Have Set \$250,000 Besides Players as Price for the Rajah

Chicago, Oct. 17.—If money is any object, Rogers Hornsby will play with the Chicago Cubs next season; William Wrigley, principal owner of the Cubs said today.

"If it is money the Boston Nationals want, we can give it to them, but the trouble is the amount may run in excess of \$200,000," Wrigley said.

WANT EVERYTHING

The hitch in any dealings to bring the Boston second-sacker to Chicago, it was indicated by the club owner, most likely would come through the number and calibre of players the Boston club would demand. Wrigley said Boston was asking for "everything possible in the way of players."

"I am not going to be in that direction," he said. "The club will attend to the cash, but Joe McCarthy is the team manager and will have the final say to what players are to go and what plans are to be made. It would be foolish to wreck the present team merely to get one great hitter."

Chicago, Oct. 17.—Whether Rogers Hornsby, the much tossed-about manager of the Boston Braves, would appear in the Chicago Cubs line-up next season was more or less a conjecture today as President W. L. Veeck, of the Cubs, would neither deny nor confirm the rumor.

"I am in no position to say anything at present," said Veeck. "We would like to have Hornsby, as would any other club in the major leagues, and are in the market for available good players to bolster up the team."

Veeck declined to deny reports that the Chicago management was negotiating with Emil Fuchs, president of the Boston club, for the transfer of Hornsby to Chicago. "I have nothing to say on the matter," said the Cubs president. "Too many deals have been ruined by publicity, and I am sure the Cubs purchase nothing will be said officially until the deal is completed."

IMPORTANT TRADE

Rumors of the trade, one of the most important in baseball history, have been circulating since the start of the world series. At that time both Veeck and Fuchs denied they had discussed the possibility of the Boston manager joining the Cubs.

Hornsby, however, said he expected to be wearing a Cubs uniform next season. Hornsby's salary was reported to be \$250,000 on their manager and two other players.

Freddie Maguire, second baseman, Putsch, short and either Outfielders Cliff Heathcote or Earl Webb, were mentioned as players who might be involved in a deal that would bring Hornsby to Chicago. President Veeck, however, denied that Heathcote would be included in any trade.

A month before the season closed Hornsby was reported to have signed a six-year contract at Boston. This later simmered down to a three-year contract with option of renewal. Hornsby's annual salary was reported to be close to \$400,000. If the Cubs purchase the Braves' manager it would mean taking over the contract.

Just two years ago Rogers Hornsby had led the St. Louis Cardinals to a National League pennant and a world championship. A few weeks after the World Series he was traded to the New York Giants. After one year with the Giants he was traded to the Boston Braves.

Now you hear it mentioned freely in baseball circles that he is going to the Chicago Cubs before the 1929 season begins. A new year, a new club, so it seems for Hornsby.

BATTLE TO DRAW
Canton, Ohio, Oct. 17.—K. O. Christner of Akron and Frank Wirtz of Montana, heavyweights, fought ten rounds to a draw here last night.

FOXY PHANN
The fellow who really thinks about marriage is certain to be a bachelor

Shortage of Players Is Big Detriment To Local Football Teams

By PENALTY KICK

It is a pity that local senior soccer players are limited in numbers, for the Five C's and Westholmes have not yet scored a point in their first four appearances, and the latter occupy the cellar position. But the season is yet young and both may create a surprise.

Saanich Thistles surely indulged in a goal-scoring rampage on Saturday, when their meeting with the Westholmes provided an opportunity to practice the fine art of netting the ball, of which they took full advantage. The entertainment was top-sided, but interesting, nevertheless. Something of a record was created by Miller playing at right half for the Thistles. He scored three goals in the space of two minutes. Saanich will soon be well in the running for premier honors, providing harmony reigns and form remains.

WOMAN SEEKS TO SHATTER WORLD'S MARK

Mrs. Lottie Schoemmel Out to Break World's Swimming Endurance Mark

Would Like to Stay Up as Long as Graf Zeppelin; is in Jovial Mood

New York, Oct. 17.—Mrs. Lottie Moore Schoemmel broke the monotony of her non-stop float in a hotel swimming pool yesterday long enough to grant a strange interview in which she confessed a desire to stay up as long as the Graf Zeppelin did.

Mrs. Schoemmel is at all sure she can do it, although supremely confident that she can continue to support herself in the unstable element without touching the sides or bottom of the pool for a total of three days and nights. This would give her a world's record of seventy-two hours, shattering the mark of sixty-five hours, which was set by a mere man, Jimmy Cherry, last Sunday in Los Angeles.

IT WOULD BE GREAT

"How long did the Zeppelin stay up?" was one of the young woman's questions as she came nearer to the side of the pool after two days and nights afloat, raised one side of her bathing cap and dug the white grease out of her ear.

"One hundred and eleven hours and thirty-eight minutes," she was told. "Phew!" and the pleasant face with its healthy coloring broke into a broad grin. "Wouldn't it be great if I could stay up that long!"

GO INDEFINITELY

"Sometimes," she went on with the eagerness for conversation that came from being motionless for so long, "I feel as though I could keep on going indefinitely."

"Yes, I do get sleepy—but of course there's no sleep between 3 and 6 o'clock in the morning. I yawn for three or four hours but finally I fight it off and don't feel it any more. They feed me baby food—oatmeal as a chicken broth and crackers. Once in a while I have coffee."

"When I get cold," explained Mrs. Schoemmel, "why I exercise in the water, put on more grease or have the water heated."

The temperature of water and room is about 80 degrees. Mrs. Schoemmel's own temperature is normal. 96 after 36 hours and 97 after 48 hours. She wears a white bathing suit and cap and white grease covers all but her face.

Fighter Wins After Losing Much Blood
Omaha, Neb., Oct. 17.—After submitting to a blood transfusion yesterday which may be the means of saving his mother's life, Freddy Denn, eighteen, Olympic fighter, stepped into a Council fighter ring last night and in the last round of his fight knocked his opponent down four times, winning the bout.

Death gave more than half a pint of blood to his mother, who has been near death since Saturday. The transfusion cost Freddy precious hours in his boxing match and he entered the ring thirteen and one-half pounds lighter than Clarence Berger, his opponent. Freddy's mother was reported improving to-day.

NEW TEAMS WILL PLAY

Four City League Basketball Games Scheduled To-night at Centennial

To-night's City League basketball games at the Centennial gym will commence at 7 o'clock instead of an hour later as usual. Two new teams will make their bow to the fans when the Y.M.I. and Fouries show their wares against Foresters and Hudson's Bay.

To-night's card and starting times are as follows—7 p.m., Senior C: Foresters vs. Y.M.I.; 7:30 p.m., Ladies: Hudson's Bay vs. Foresters; 8:30 p.m., Intermediate A: College vs. Foresters; 9:15 p.m., Senior C: Hudson's Bay vs. Foresters.

"GOAT," HERO, WHEN SEALS TAKE TITLE

Johnson, "Strike Out" King, Starts Rally With Home Run and Team Wins 9-5

'Frisco Captures Pacific Coast League Championship and \$9,000

Sacramento, Cal., Oct. 17.—The San Francisco Seals slugged their way to the 1928 Pacific Coast League championship yesterday, ending the post-season series with a barrage of important base hits that sent Sacramento's Senators down to a 9-5 defeat.

It ended the series with the sixth game, the Seals taking the last two to clinch the pennant. With the victory the San Francisco club pocketed \$9,000 as 60 per cent of the \$15,000 bonus drawn from the league coffers.

A sharp seventh inning rally by the Seals proved the turning point of the game. Five runs came over to put the San Francisco outfit in the lead and Sacramento never threatened after that.

HAM TO HERO
The series "strike-out" king, Roy Johnson, carried the big punch in the seventh inning, his home run with one man on, starting the scoring spree that eventually decided the league leadership for this year. After three games of bad luck, the Seals were back to a safer bet than not to strike out.

Johnson suddenly turned from "ham to hero" last Saturday. It was his triple in San Francisco that began the ten run slugfest then and he added one more base in his seventh inning appearance yesterday.

Moudy, who had replaced Ruetheer on the mound for San Francisco, was the first man up in the seventh. He was hit by Gould, star twirler for Sacramento. Johnson came to the plate and lifted one over the right field fence, scoring Moudy. The situation became somewhat troubled for Gould, who walked Pinelli. Gould was yanked and Crandall, came in. Averill, first man to face Crandall, singled to right and Suhr followed suit, scoring Pinelli. Jolley was thrown out by Crandall, but two more runs came across when Thurston banged a long single to left. It scored Averill and Suhr. The going got too tough for Crandall and Manager Buddy Ryan rushed Rachac into the scene. Rachac, first man opposite Rachac, was safe at first on a fielder's choice, and Thurston reached second safely on Rachac's low throw. The festivities ended, however, when Rachac struck out Sprink and Moudy filed out to left field.

7,000 ATTEND
About 7,000 persons turned out for the game. Before play started the Sacramento players were presented with traveling bags, as gifts from local fans.

The Seals won the first half of the split season and tied Sacramento the second half, with Sacramento winning honors by noosing out the Seals in a special three-game series.

M'DERMOTT TO FIGHT MILLER

Boys Ready For Bout at Tillamook Gym Saturday; Pastro to Meet Keist

Two snappy bouts are looked for at the Tillamook gymnasium on Saturday night when Duane Miller of this city meets Jack McDermott of Seattle in the main event on the Central Boxing Club's card, and Danny Pastro exchanges punches with Tim Keist in the semi-windup.

McDermott and Miller were scheduled to meet at a previous date, but the former wished to spend a longer period training before he fought the local boy. Now, with both fighters in the pink of condition, a fast bout is expected.

Plenty of action is expected when Pastro and Keist meet in their six-round event. In previous fights Keist has carried off three decisions over his opponent, while the last time the two boys met they fought to a draw. Pastro is training hard for the bout on Saturday, and hopes to take the fight with a knockout.

SPECIAL BOUT
Tommy O'Connell will meet Johnny McDonald of Vancouver in a special four-round bout, and Art McKillop of Seattle will fight A. B. Jennings of the B.C.M. On other fight is being arranged by the promoters for the programme.

Chess Masters Continue Play

Berlin, Oct. 17.—Adjourned games only were played yesterday in the international chess masters' tournament in this city. Four games were drawn, the only winner being Nimzowitch of Denmark, who defeated Marshall of the United States. Capablanca of Cuba holds the lead.

Kid Kaplan Is Easy Winner Centre Forward For Plymouth Out For Three Months

New Haven, Conn., Oct. 17.—Louis (Kid) Kaplan of Meriden, former world's featherweight champion, fought through ten rounds to win an easy decision here last night over Bruce Flowers, New Rochelle, N.Y. Kaplan weighed 134, Flowers 135½.

WINS ON POINTS
Cincinnati, Oct. 17.—Freddie Miller, Cincinnati featherweight, outpointed Al Strunza, Pittsburgh, in ten rounds here last night.

Hoop Champions of Western Canada Will Play Here On Saturday

Victoria Capitals Will Meet the University of British Columbia Senior Men at High School Gymnasium Saturday Night; Record Attendance Expected; Students Bringing Over Formidable Team; Local Team Is Considered Strong

A sweet dish will be served up to Victoria basketball fans on Saturday night at the Victoria High School gymnasium, when the University of British Columbia's senior "A" men, last year's Canadian championship runners-up, will oppose the Victoria Capitals in the first exhibition game of the season.

To win the right to go east last year, Varsity met Jordan River in New Westminster in a sudden death game. The boys from Jordan were leading the college lads when they lost their skipper through an injury, and were only beaten by eight points. The Capitals, mainly last year's Jordan River team with a little strengthening, should make Varsity step all the way and will have an even chance of coping the game on the home floor. The big high school gymnasium will speed up the game, both teams being at their best on the larger floor space.

GOES TO N.Y.
Six of the invading team and their performance last year are as follows: Wally Mayers—This man is looked upon as the best forward in British Columbia, and was Varsity's high point man last year. He has the Vancouver and District League in scoring last year.

Ted McEwen—A centre man who is always dangerous, and who was picked by "Buck" Yeo, British Columbia's premier referee, as the coming centre of Vancouver.

Arnold Henderson—This boy is not stranger to Victoria fans as he will be remembered as Jordan River's star centre two years ago. Henderson is now playing guard and judging from the few points the opposing forwards gather off him, he is making a good job of it.

Harold Straight—A guard of no mean ability, who can also tie in at forward and not weaken the team any.

Norm McDonald—This boy played some good games with Varsity last year at guard and is always giving opposing forwards plenty of trouble.

Ed Paulson—Eddie makes all the guards in Vancouver hop around when he steps on the floor. He has a wicked shot and is a good back checker.

REAL FANT TEAM
The remainder of Varsity's team has not been decided upon yet, but the fans can rely on the fact that a strong team wearing the blue and gold will step on the floor at the high school gymnasium on Saturday night.

This game should draw a record attendance and the high school gymnasium is expected to be crowded to capacity when the teams step on the floor.

HOCKEY STARS HOLDING OUT

Salaries Causing N.H.L. Managers Plenty of Worry; Gorman Named Manager

New York, Oct. 17.—The term "hold-out" is hanging around in hockey circles. The first star of the ice world reported at variance with his employers in Frank Boucher, centre of the New York Rangers in the N.H.L.

Boucher, high scorer of the Rangers last year, is reported to have many offers from other teams, and is throughout the circuit. His demands and the Ranger offer are far apart, and there appears a possibility that the centre ice star may be traded before the season opens, November 15.

GORMAN IS MANAGER
Reorganization of the American team, which finished last in the international group in 1927, was approved as a recent meeting of the league directors. Naming Tommy Gorman as manager of the Americans, marks the second managerial change since last season.

Herb Gardiner has taken over the Chicago Black Hawks, replacing Hughie Lehman who succeeded Barney Stanley, who lasted a couple of months after relieving Pete Mulvaney. "Scotty" Green, former pilot of the Americans, has been traded to Boston.

NO "RAGGING" PUCK
The league heads made some changes in playing rules. A ten-minute overtime period will replace the "sudden death" sessions designed formerly to end games tied at the close of the regulation play. A penalty at the discretion of the referee has been added for "ragging" the puck, shooting the disc the length of the ice, or skating back and forth behind the goal to waste time.

Toronto Golfers Capture Match

Toronto, Oct. 17.—With a lead of ten holes, secured during the previous three eighteen-hole rounds, at Royal Montreal, Brockville and Lambton it was not necessary for Andrew Kay of Lambton and Jimmie Johnston of Brockville to go more than eight holes yesterday at Rosedale to win their best ball match against Charlie Murray of Montreal, and Ernie Wakelam of Brockville.

The final result was 11 and 10 for the local pair. The winners picked up a three-hole lead at Montreal, added four more at Brockville and won an additional three at Lambton.

Kay was low scorer for yesterday's eight holes, having a 32.

NEWS IN BRIEF

The Ward Seven Saanich Conservative Association will meet at Hampton Hall on Thursday, October 18, at 8 o'clock.

A musical evening and dance will be given by Ward 7 Liberal Association at the Hampton Hall on Thursday, October 18, at 8 o'clock.

Peter Billings, who pleaded guilty in city police court this morning to a charge of being intoxicated in a public place, was sentenced to thirty days imprisonment, this being his fourth conviction for a similar offence.

The annual meeting of the Tourist Trade Group of the Chamber of Commerce will be held next Friday in the chamber dining-room at 12:10 p.m. The regular meeting of the board of directors will be cancelled on account of this meeting.

A vocational talk by Walter Loney and an address on "Art in Its Relation to Human Development" by Leonard M. Davis of New York, will be given at the weekly luncheon of the Victoria Rotary Club to be held in the Empress Hotel to-morrow.

At a well-attended dinner meeting of the Victoria Dental Society, held at the Pacific Club last evening, plans for the winter activities of the society were discussed. These will include clinics and lectures from local and out-of-town dentists and in January a dinner-dance is contemplated. Dr. Harry Johns presided.

Dr. A. F. Barton will give another popular health lecture this evening at 8 o'clock in the New Thought Temple. He will take for his theme, "How to Stay Young." The lecture will be illustrated and will be followed by demonstrations of diagnosing disease from observations of the eyes.

C. L. Harrison will give an illustrated lecture on the Forbidden Plateau, under the auspices of the Vancouver Island section of the Alpine Club, Wednesday, October 24. Mr. Harrison spent some time in that district while in charge of the Forbidden Plateau camp last July and has many fine slides of the country. He will also show pictures of the Sooke Mountain Park district.

The University Extension Lecture Association will open its season to-morrow evening at 8:15 o'clock in the Victoria College when Dr. G. C. Sedgewick of the University of British Columbia, will give an address on "Dante Gabriel Rossetti." Membership cards for the season may be secured at the Public Library at any time or at the college before the lectures.

The Rotary Club will hold a Halloween supper dance in the Empress Hotel ballroom on Tuesday, October 23. Dinner will be served at 7 o'clock and will be followed by a short musical programme. After which the evening will be spent in dancing. Some preparations for the ice carnival and superfluous sale on November 10 and 14 respectively will be made at the event.

A complaint that city garbage is floating back to Esquimalt beaches was made by the Esquimalt Council to the City to-day, in a written protest from G. H. Pullen, municipal clerk of that township. Esquimalt asks that action be taken to put an end to the nuisance. Recently similar requests were made by city residents in the Poul Bay region where, they said the beaches were being littered with obnoxious refuse carried in from the sea.

A very successful hallowe'en dance followed meeting of Queen Alexandra Review W.B.A. in the K of C. Hall Monday evening, with "The Melodians" furnishing the music. Miss Vye took first prize as best dressed lady; Mrs. Hayhoe, best dressed gent; Mrs. Emery, best comic lady and Mr. Vye, best comic gent. At next regular meeting on November 5, each member is asked to bring a handkerchief for the handkerchief shower. A recess meeting will be held to-morrow at 2 o'clock to arrange for a bazaar for the sale of work. The banquet held each year by the members will take place on Monday, Oct. 29, in the K of C. Hall. Mrs. Crocker was made convener of the affair and members wishing information are asked to phone Mrs. Crocker, 5946 R. It was decided to invite Mrs. Le Gallia, provincial health supervisor, to attend the meeting on November 5 and to hold a clinic on Tuesday, November 6.

The following have been selected for the Grand Jury:

FINE IMPOSED FOR ASSAULT

T. Washington Must Pay \$25 For Hitting E. Turner

Thomas Washington was fined \$25 in City Police Court this morning for assaulting and occasioning bodily harm to Louis Turner. Washington pleaded not guilty and conducted his own defence.

"Although admitting the actual assault, Washington claimed he hit Mr. Turner in self-defence. He thought the latter was going to strike him during an argument over his position with a local firm. He claimed Mr. Turner had been the cause of his dismissal from the firm."

Marjorie V. Pettigell, stenographer at the Brilliant Tube Sign Co., told of seeing the accused hit Mr. Turner. He had struck the man four or five times, she said.

Archie Kesson, defence witness, thought Mr. Turner had displayed a menacing manner to Washington before the latter had hit him.

Mr. Turner appeared in court with a black eye, swollen lip and a bruise on the forehead which he told the Court had been caused by Washington's blows.

Passing judgment, Magistrate George Jay said he thought a fine would better fit the circumstances than a jail sentence.

BRISK DEMAND FOR B.C. FRUIT

Agricultural Department Receives Report of Prairie Sales

Information reaching the Provincial Department of Agriculture from many points shows a heavy movement of British Columbia apples and other fruit products to prairie markets, and in some cases in greater volume than in previous years.

September produced a record movement of fruit and vegetables in the Calgary territory, total arrivals amounting to 405 cars, as compared with 269 cars for the same month last year.

Imported cars show an increase of twenty-nine cars over last year while British Columbia and domestic records are an increase of eighty-five cars over the same month last year.

In Saskatchewan British Columbia pears are on the market and there seems to be an endless demand for Bartlett's. In Regina the market is well supplied with pears of various varieties, both British Columbia and imported.

B.C. McIntosh apples, due to their exceptional quality and color, are having a remarkable sale. McIntosh apples are also reported to be selling well at Edmonton.

Complaints are registered in Winnipeg over the variation of the quality of British Columbia bulky McIntosh apple shipments, some cars containing beautifully-colored, large size stock and some cars smaller apples without any color.

Complaints are registered in Winnipeg over the variation of the quality of British Columbia bulky McIntosh apple shipments, some cars containing beautifully-colored, large size stock and some cars smaller apples without any color.

CHAMBER DRIVE FOR MEMBERSHIP AWAY TO-MORROW

The widely-organized membership campaign of the Victoria Chamber of Commerce will start to-morrow morning with a breakfast meeting at 9 o'clock in the chamber dining-room. Following a few talks by officials of the Chamber, the canvassers will start a systematic tour of the city in an endeavor to enlist as many members as possible. F. M. McGregor, as chairman of the membership committee, is in charge of arrangements for the campaign and will have an energetic group of members canvassing.

"NOTTA STOP BUT GO VERRA SLOW"

"I no stoppa, but notta go verra fast; I go careful slowa, lika dis."

This was the plea of D. Pallantier, when he faced a charge in City Police Court this morning of not stopping at an arterial highway intersection.

"But the sign says stop," said Magistrate Jay.

"Well, thas alrigh," Pallantier replied.

"Fined \$5," concluded the court. Pallantier was also fined \$5 for failing to produce his driver's license upon request of a police officer.

SUMAS REPORT FOR CABINET

Taxation Relief Essential, Says Minister of Agriculture

Matter Scheduled For Government Consideration This Week

Convinced that taxation relief is essential for the success of the Sumas reclamation, Hon. W. Atkinson, Minister of Agriculture, stated to-day that a detailed report on the subject was being prepared, and the matter would probably be considered by the Government this week.

Emphasizing his claim that taxation relief is necessary, Mr. Atkinson pointed out that 18,000 acres are called upon to pay reclamation charges amounting to \$4,600,000, 2,000 acres, in addition, being given over to ditches and roads.

LIMIT TO TAXES

The Sumas situation was early given consideration by the new Government. Mr. Atkinson, in company with Hon. P. Borden, Minister of Lands, recently paid a visit to Washington where a similar reclamation situation exists. Visiting the dyking area there, they found in the words of Mr. Atkinson, that "land can stand so much taxation and no more."

The Washington dyking area holds the same relationship to Seattle as the Sumas lands hold to Vancouver, so far as marketing is concerned. Dyking and maintenance takes there under similar conditions compare very favorably with those in British Columbia.

The Washington farmers have also found that mixed farming is the logical method to follow, he stated.

With taxation relief, Mr. Atkinson was optimistic over the future of the Sumas area. It is a wonderfully fertile country where anything can be grown, he said.

A total of 2,921 taxpayers subscribed to the voluntary prepaid tax plan of the city treasury this year, contributing \$500,123 in the aggregate, on which interest was drawn at the rate of six per cent per annum. Both large and small amounts were handled in this way, the system showing a gain of 416 subscribers for this year. The plan was instituted by Edwin C. Atkinson, City Treasurer, six years ago, and has worked to an increasing success each year.

The sums paid in advance are used for the operation of the corporation in the second part of the year, and interest goes to ratepayers instead of to the banks.

First race—Three-year-olds and up: Mission Lad 103, Brian Kent 101, Hands Up 109, Pepper Shot 107, Fourth race—Two-year-olds: Carolyn Chappell 103, Love Charm 105, Dr. McAnis 107, Conversation 118, Susan Rinehart 107, Taddy Wawa 100, Star Prince 108, Sporting Blues 104, Omahar 109, Face Cream 95, Fifth race—Three-year-olds and older: Golden Bear 120, Determination 113, Levouhous 109, Warbells 112, Capt. Muard 108, Pirate Gold 113, Betty O'Neil 109, Musketeer 108, Sixth race—One and one-sixteenth mile; three year olds and older: Try Again 104, Pomnel 112, Cinder Pyle 106, Wrackhorn 113, Nosedive 107, Herdman 111, Revillon 100, Track fast; weather clear.

SECESSIONISTS MEET PREMIER

Tolmie Asked Whether Farmers Must Reargue Case Before Government

To ascertain whether the Government requires reargument of the case for secession of the rural wards of Saanich, the central committee on secession, strengthened by the addition of a number of ratepayers, interviewed Premier Tolmie this afternoon.

The delegation met the Premier in his office at 2:30 o'clock. C. H. O'Halloran and H. E. Tanner being the chief speakers.

The Saanich speakers pointed out that the brief presented last April to the MacLean administration had been supplemented by data made available by Reeve William Grouch, giving taxation figures for three additional years. After a discussion of many aspects of the problem, Dr. Tolmie thanked the delegation for their information and promised full consideration of these facts.

LARGE FINE ON LIQUOR COUNT

Jack Paul Must Pay \$300 For Having Liquor For Sale Here

Jack Paul, convicted on a charge of keeping liquor and beer for sale on premises at 428 Johnson Street, was fined \$300 by Magistrate George Jay in City Police Court this morning.

Several sacks and cases of liquor and mash-tubs for the alleged manufacture of liquor, which had been seized by the police, were exhibited in court.

Chief of Police John Fry and Constable W. Harper gave evidence regarding a visit to the premises and seizure of the liquor. The place is a fruit and confectionery store.

The defence, conducted by J. L. Clay, counsel for Paul, claimed the place was not owned by the accused. Paul declared the mash tubs were used in the manufacture of wines.

J. H. Johnston testified that the premises were let by him to the accused.

FORMER MAYOR'S DAUGHTER DEAD

Miss Emily Ada Teague Died To-day After Long Illness

After a lingering illness the death occurred this morning at 1744 Fort Street of Miss Emily Ada Teague, well known resident. The late Miss Teague was born in Victoria, the second daughter of the late John Teague, a former mayor of this city.

She is survived by one sister, Mrs. J. O. Brown, and two brothers, Mr. J. O. Brown and Mr. Teague. The remains are reposing at the B.C. Funeral Chapel pending funeral arrangements, which will be announced later.

SOMMERS HANDLES MAJESTIC RADIO

Adds New Department to Art Store; Special Demonstration Room

J. Sommers & Sons Limited, well-known art suppliers to the city, have added a radio department to their store on Government Street in which they will display Majestic seven-tube instruments.

Several radios were on exhibition in the newly redecorated room at the back of the store when the department was opened this morning, and within a week or ten days the management expects to have stocked about 100 machines. In addition to the two styles of Majestic consoles the store will also carry a complete outfit of radio accessories.

Arrangements have been made for demonstrating the machines. Aerial sockets have been built in the walls of the room, and everything tending toward adding to the comfort of those inspecting the department has been incorporated into the room. One of the special features of the instrument, which is being produced by the Grimsby Grunow Company, is the special dynamic speaker which assures reception of the highest and lowest notes. The instrument itself is encased in a walnut cabinet and gives the greatest possible selectivity in tuning-in stations.

FILM SHOWS HOME HEATING SYSTEM

P. M. O'Connell Speaks Before Heating Experts of City on New Device

About seventy heat and sanitary engineers and master plumbers attended the showing of the three-reel film, "Controlled Heat," at the Sons of England Hall last night, when P. M. O'Connell of the Hoffman Specialty Co., lectured on the benefits of a new device, the Hoffman valve, in regulating the supply of heat in radiator.

The valve controls the amount of heat given off by the radiator without necessitating any twisting of obstinate faucets or juggling with corroded dampers. The technical advantages of the apparatus in conserving steam, preventing accidents in steam-heated houses and conserving fuel were also shown.

This device is not only useful to the small home owner, but is of great value in big stores and commercial buildings, the speaker said.

The exhibition of the film was made possible by a Canadian representative of Hoffman's Limited, who arranged for the Victoria visit were made by R. V. G. Owen of that company.

At the conclusion of the address, Robert Smith moved a vote of thanks to the Crane Company for having brought the lecturer and film to the city, and to Mr. O'Connell himself for his interesting address.

ATKINSON HAS MARKET HOPES

Will Be Disappointed If Potato Problem is Not Solved

Back from Cloverdale, where he discussed potato marketing problems with the growers of the Fraser Valley, Hon. William Atkinson, Minister of Agriculture, to-day expressed the hope that the troubles which have been experienced there were on a fair way to solution.

"If the Market Act as far as potatoes are concerned in that district working now I shall be disappointed," said the Minister, in commenting on the appointment of Col. A. McLellan, of Surrey Centre, as Commissioner to administer the Marketing Act. Colonel McLellan will function in place of the former commissioner.

A FAIR CHANCE
"I have been insistent at all times that the Market Act should have a fair chance and has not had a fair chance yet," said Mr. Atkinson. Briefly outlining the act, which calls for potato growers to report to the commissioner what sales they have to make and in return to secure advice as to where best to market them, the Minister commented that it was a splendid theory.

"The seller," he said, "is not limited as to the price he may get. He is only called upon not to sell below a certain price. It is a case of direction, not control."

With the organization in working order, Mr. Atkinson saw a possibility of a reduction of the levy of fifty cents a ton now charged to the growers. Regarding the \$10,000 liability

STOCK MARKET FINANCIAL NEWS GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

Chicago, Oct. 17.—The Journal of Commerce says that continued stubborn resistance to declines in wheat prices is to be expected by the fact that the open interest at the close Monday was 3,114,000 bushels larger than at the close of the previous day. This increase was made in the face of a general impression that evening's trading would be responsible for the closing bulge registered Monday. Lower wheat prices may be seen, but they are not likely to come while the open interest is on the increase.

(By Branson, Brown & Co. Ltd.)
Winnipeg, Oct. 17.—Wheat: The wheat market was a dull, narrow but stubborn affair to-day, with no pressure on the market at any time, and with sufficient local buying to take care of the light offerings. Opening prices were about unchanged with seaboard houses taking a little wheat at the start, but this was quickly filled up, after which prices fell away 1/2 to 1 cent under last night's close, but some commission or to August 1 next. Wheat and prices reacted to the previous close.

Trade-to-day was apparently all local, there being practically no export business, and no spreading between here and Chicago. The main features continue to be the light offerings. In the cash market exporters were doing nothing, but there was a fair demand for corn grades from shippers and elevator companies who had contracts to fill the next two or three days.

The weather remains remarkably fine and warm in Western Canada and threshing of fall grains is now practically completed. Seaboard estimated export sales around 200,000 bushels, all low grade Manitobas. On the basis of standing official estimates and allowing for a fair sized carry-over next August, the total exportable wheat surplus in North America could allow weekly shipments at a rate of over 14,000,000 bushels for the balance of the season or to August 1 next. Wheat eased off in the closing moments as longs attempted to take profits.

Wheat—Open High Low Close

To-morrow's Horoscope

THURSDAY, OCTOBER 18, 1928
Astrologers read this as an unfortunate day in planetary government, a time to be careful in all financial matters.

Under this direction of the stars it is unlucky to bet or to indulge in any form of speculation.

All the signs seems to indicate that the unexpected and surprising will happen in the end of 1928.

Thrill is recommended, for there will be new avenues of income open through novel inventions and new business conditions, the stars promise.

This is not considered a lucky day under which to start new enterprises. A slight delay may mean much profit.

Much entertaining is foretold for the Winter when, the law of extremes operating, there will be poverty sharply contrasted with riches.

Women should pursue beaten paths in business and should hesitate before ex-

It is not a really lucky wedding day, astrologers say, because financial success may be slow.

It is well for all who write letters or legal documents to be exceedingly cautious to-day.

Love missives may be peculiarly unfortunate while this configuration prevails and may be sadly misunderstood.

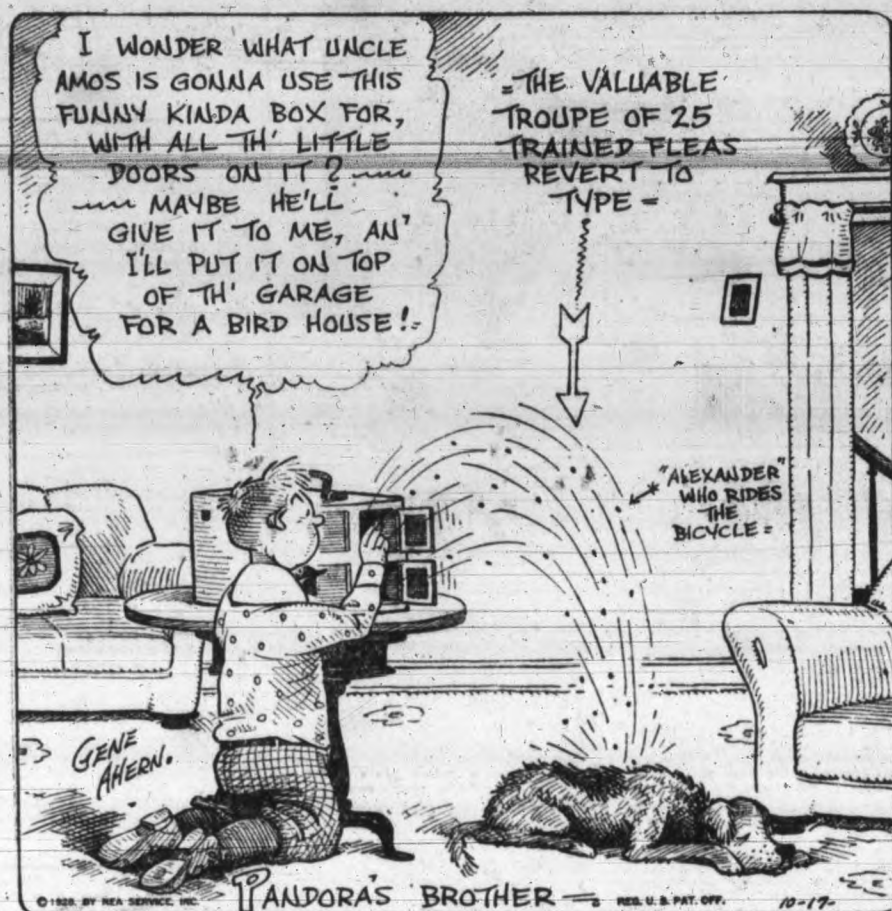

The seers warn that sensational events will be written in the pages of history within the next few weeks.

Persons whose birthdate it is may have

Children born on this day probably will be studious and fond of research. Many archaeologists are born under this sign which usually guides persons of unusual gifts.

MYSTERY MAN IDENTIFIED

Pueblo, Colo., Oct. 17.—Police officers here yesterday stated they had definitely identified Pueblo's "mystery man" as Russell Wilson of Newmarket, Ontario, and branded his tale of World War experiences a product of imagination. The authorities said they had

satisfied themselves Wilson had been the victim of a "peculiar mental twist" for many years and he actually thought he was his cousin, Harry Devlin of Toronto, Ont., who was reported killed in action in France in 1916. Wilson will be kept at the county jail here until he has fully recovered from an attack made on him by robbers a week ago.

"How Hollywood Is Breaking Its Silence"—No. 4 Film Directors Frown On Talkies But They All Want To Try One!

Box Office Success of New Sound Pictures Is Compelling Lure; Majority Fear Dialogue Distracts From Movie's Entertainment.

By DAN THOMAS

Hollywood, Cal., Oct. 17.—More than half of the cinema directors in Hollywood are strongly opposed to these new-fangled movies with loud speaker attachments. But every single one of them wants to make one just the same.

Josef von Sternberg summed up the opinions of the majority of directors when he said:

"I am strongly opposed to talking pictures. I believe that dialogue detracts from the entertainment value of a film. Furthermore, the production methods necessitated by the synchronization of sound place too many limitations upon a director. However, I would like to make one just the same. Who wouldn't with the way they are cleaning up at the box office?"

FITZMAURICE STRONG FOR THEM
George Fitzmaurice, who has directed many honestly good pictures, has exactly opposing views.

"I welcome the advent of dialogue and sound in pictures," says this director. "They will enable me to do much that has been impossible to do in silent drama. The limits that bound us before are now removed. Now almost any kind of story may be told cinematically, any stage drama produced far more effectively than on the stage itself. The advantages of the motion picture and the stage as separate media are combined in this new art."

"For a little while audiences are going to be very enthusiastic and easily pleased because of the novel fact that sound comes out of a picture," declares Cecil B. DeMille. "But after that rather short period has passed, the sound picture will no longer be novel and audiences will insist that they really be entertained. Otherwise they will forsake the talkies as readily as they flocked to see them."

"It is my feeling that people on the whole prefer to see and hear living persons speak. Their admiration for pictures is based primarily on the pantomimic art."

"However, sound is a tremendous thing. Frankly speaking, none of us has yet learned how to use it. When we do, we have a different outlook upon it."

One of the principal reasons that directors are opposed to the advent of talking films is because it eliminates

unique camera shots which have done so much to improve pictures during recent years. When sound is being synchronized with a picture, the camera must be housed in a sound-proof compartment so that the clicking sound they make will not be recorded along with the desired words and sound effects. Consequently directors must go back to the old style of shooting—long shot, medium shot and close-up.

KING VIDOR'S VIEW

"It is unfortunate that the voice should be injected into photoplays just at a time when they are finally beginning to get somewhere and just when the public is beginning to accept and understand them," says King Vidor, who will always be remembered for giving us "The Big Parade."

"Sound as an accompaniment for pictures—great! I can see the splendid effects we'll get with sudden and unexpected noises. But to have the characters on the screen use dialogue—not so good. In fact, I should say very bad."

"Pictures have developed many ways of expressing thought by movement. The most charming feature about them has been their silence, the opportunity they afford to the spectator to see his drama by pantomime and to write in his own words as far as possible."

"When I talked to William Wellman, director of 'Wings,' he answered my questions in this manner:

"Our Swedish maid told me that she didn't like talking films and that she wouldn't ever go to see another one. When I asked her why she replied that she wouldn't go to a theatre and hear the ghosts on the screen talk. She was scared to death of them and I believe there are a lot more like her."

"I am not in favor of dialogue being added to the silent drama," says Victor Fleming. "The average man who takes his family to a movie is tired from a day's work and wants to sleep. How can he do that with a loud speaker going full blast all of the time?"

"Also, the average motion picture audience likes to relax and enjoy the film. It can't do that if it has to be alert to catch every word spoken by the characters."

Next—The actor's side of the talkies. Does your favorite star favor them or not? Wait and see.

DIRECTORS

Here are some of Hollywood's leading movie directors who give their views on the new talking pictures. Above, Cecil B. DeMille; centre, Wm. Wellman of Paramount; below, George Fitzmaurice.

In the production which Fred Niblo directed. On the stage at the Capitol are the Clark Sisters, harmony singers de luxe; Navin and Alexander, two boys who play the banjo and guitar, and Judd Griffith, a dance artist. Al Prescott and his stage band will complete the programme.

MARION DAVIES IN "CARDBOARD LOVER" CLOSING TO-NIGHT

Marion Davies' latest starring picture, "The Cardboard Lover," will be at the Dominion Theatre for the last time to-day, but there isn't any cardboard in it, despite the title. The idea behind the famous stage play, which was adapted to the screen, is that the star character is a "cardboard" lover. In other words, she is a sham fiancée engaged to Nils Asther to keep away from Jedia Goudal, who plays the fascinating vampire. Robert Z. Leonard directed the production for Metro-Goldwyn-Mayer.

STEVENS WILL SPEAK HERE

Vancouver M.P. to Address
Centennial Church Audience
Monday

HON. H. H. STEVENS
Centennial United Church, Gorge Road, will celebrate its forty-third anniversary next Sunday and Monday.

Two noted speakers have been engaged for the occasion. On Sunday Rev. R. B. Y. Scott, M.A., Ph.D., of Union College, Vancouver, Professor in Old Testament Languages, will be the preacher and will speak both morning and evening. Dr. Scott is a young man of wide experience, having attained a high standard in his college training. He is also a strong platform speaker, while his war experiences have helped to broaden his vision on life.

On Monday evening, Oct. 22, Hon. H. H. Stevens, M.P. of Vancouver, will give his now celebrated lecture on the subject, "Can Democracy Endure?"

It takes but a few moments a day to keep your shoes well polished with

**"NUGGET"
Shoe Polish**

Nugget preserves the leather and prevents cracking, too. There's a Nugget shade for every shoe made!

This address has been given in Montreal, Toronto and Vancouver and in each case large audiences have been delighted.

Keating

The South Saanich Women's Institute entertained with a military five hundred tournament in the Temperance Hall on Saturday evening. There were nine tables of players competing for honors, and first prizes were won by Miss Doris Mitchell, Father Scheelan, Messrs. F. Young and Mr. Blackford, with a score of twenty-five. Mrs. Gliddon, Miss Violet McAlister, Messrs. Gordon Mitchell and James Nimmo were winners of the second prizes with a score of twenty-four. At the close of the game the prizes were presented and refreshments were served. The hostesses being Mrs. J. J. Young, Mrs. Gliddon, Mrs. J. N. Wood and Mrs. Mosher.

The South Saanich Farmers' Institute will meet in the Temperance Hall on Thursday evening, October 18. A. Houston of the Department of Agriculture, will be present, and will display a series of moving pictures of farm and fruit scenes taken in this district recently.

The South Saanich Women's Institute will hold its October meeting in the rooms at the Temperance Hall on Thursday evening, October 18. A good attendance is requested, as there are several items of business to be discussed.

The opening games of the basketball season will be played in the Temperance Hall on Friday evening, October 19, at 8 o'clock. Three teams from Victoria will play the local teams, and the line-up will be as follows: Victoria Super Station seniors vs. Keating seniors; Doodads vs. Keating intermediates; Axions vs. Keating girls. Refreshments and dancing will follow the games.

Know Her?

You ought to know this lovely New York City girl because her blonde beauty has been displayed on so many magazine covers. She's Marion Dahl, 35 Clarkson Street, Brooklyn. Artists say she's a "type!" They fairly rave over her delicate flesh tints and the golden glow of her hair!

Miss Dahl says: "Everyone I know tells me how wonderful my hair looks nowadays. I don't feel like it's a personal compliment, however; I take it more as a compliment to the method I'm using to take care of it. It's the rage among girls here in New York. All you do is put a little Danderine on your brush each time you use it. My hair was wiry and hard to keep in place, but Danderine makes it soft and easy to dress and holds it like I arrange it for hours! My scalp fairly tingles with vigor after I use it, and it keeps my head so clean I don't need to shampoo half so often. It brings out the color of my hair, marvelously, making it fairly glisten!"

Every application of Danderine tones and refreshes your scalp. It removes the oily film from each strand and makes dull, stringy hair gleamy, soft and easily manageable. It dissolves dandruff and keeps it out of your hair. It isn't sticky or oily. It doesn't show. All drug stores have the generous 50¢ bottle. (Adv.)

Support Urged For "Chamber Chatter"

"Chamber chatter," official publication of the Victoria Chamber of Commerce and the Junior Chamber of Commerce, will be published during the coming year under a new board of control. Eric Marshall has been appointed editor of the publication, it was announced at last night's meeting of the Junior Chamber. Mr. Marshall urged the members of the chamber to support the paper by contributions, and

thought it advisable that an editorial board be named. W. Oliver, newly-appointed advertising manager, asked support of the publication by advertisements.
